#### How to Read the Shuttle Guide

Cat Tran's Guide will help you get around the UA Campus quickly and easily. To find the best route to get to your office, class, meeting or event, consult the Cat Tran map on the reverse side of this guide and corresponding schedule above.

1. Find the correct route on the map.
2. On the map, using the color-coded routes find the stop closest to your boarding location and destination, indicated by a  $\circ$  or  $\star$  symbol on the map.
3. Find the corresponding route on the schedule above and scan down the column. Read across to determine the arrival time nearest your destination. Cat Tran Shuttles operate M-F, 6:30 am to 6:30 pm.
4. A  $\circ$  symbol on the route indicates that the shuttle stop has a corresponding published departure time on the schedule above.
5. To calculate a departure time at a  $\star$  stop, estimate the time between two published  $\circ$  stops on the route you wish to ride.
