OBJECTIVE

I am a computational linguist and phonetician. I am interested in an interdisciplinary research career and mentorship role, where I can work with language and behavioural data, and applied computational methods. I want to mentor the next generation of scientists, with a focus on data science principles, project management, and quantitative and qualitative methods for human subject data collection. I aim to add to their knowledge and experience in experimental and applied linguistics.

EDUCATION

- **University of Arizona** Aug 2019–June 2025 (expected)
PhD, Linguistics Tucson Arizona, USA
 - GPA: 3.9/4.00
- **University of Arizona** Aug 2019–May 2021
MS, Human Language Technology Tucson Arizona, USA
 - GPA: 3.9/4.00
- **The English and Foreign Languages University** July 2013–May 2015
MA, Linguistics Hyderabad, India
 - GPA: 72.9%
- **University of Delhi** July 2010–June 2013
BA (Hons.), English New Delhi, India
 - Score: 59.8%, II-Division

ACADEMIC RESEARCH EXPERIENCE

- **Data Science Institute**  Aug 2023–Present
Graduate Research Assistant (educator and consultancy) Tucson, USA
 - Designed and delivered technical workshops encompassing NLP, python programming, command line interface proficiency, version control, High Performance Computing (HPC), and AI tools for research. See associated Github repository .
 - Collaborated in creating a language processing pipeline for quantum NLP applications in low-resource languages.
 - Spearheaded a collaboration with computational linguistics faculty, for improving HPC understanding and knowledge.
 - Provided consulting services for university research projects (data science and NLP), for the successful execution and optimization of these projects.
- **DARPA ASIST-ToMCAT Project (NLP)**  May 2020 - Dec 2023
Graduate Research Assistant Tucson
 - Designed and enhanced existing unsupervised neural network models for detecting speech synchrony/entrainment .
 - Contributed code, research insights, and qualitative assessments for vocal feature extraction using OpenSMILE, Praat and Python.
 - Reported on the viability of different voice recording platforms for collecting human subject data and automatic transcriptions, and performed quality assessments.

- Performed literature reviews and assessed datasets for multimodal sentiment and emotion classification projects.
 - Provided documentation and writing for effective communication of our research findings for DARPA Principal Investigators (PIs) Meetings and Github documentation.
 - Contributed research to publications presented at NeurIPS and ICML (See publications [W1, W2, C1, C5, C6]).
- **Douglass Phonetics Lab (applied linguistics)**  Jan 2020 - Dec 2020
Tucson
Graduate Research Assistant
- Coordinated the lab's ongoing phonetics experiments and data collection.
 - Initiated the migration of the lab's experiments to remote platforms (like Finding Five) during the pandemic, and assessed their viability.
 - Provided training and technical support to undergraduate researchers.
 - Contributed documentation for the data exploration and statistical analysis.
 - Conducted transcription and extraction of phonetic data on Praat.
 - My research contributed to publication [C3].
- **SPLANG Phonetics Lab (phonetics and psycholinguistics), EFL University** Oct 2017 - Aug 2019
Hyderabad, India
Research Associate
- Designed and conducted acoustic phonetics experiments for languages such as Bengali, Mongolian, Malayalam and Hindi.
 - Conducted corpus analysis and qualitative assessments on multi-lingual internet corpora to find stimuli for experiments.
 - Created audio stimuli using Praat and ffmpeg for eye-tracking experiments and perception tasks.
 - Wrote R and Python scripts for statistical analysis and data visualisation.
 - Co-authored papers, conference posters, research proposals and presentations.
 - Provided training to students for experimental modalities such as ultrasound, eye-tracking, and speech perception and production.
 - Managed administrative tasks such as purchase requests, lab equipment setup, documentation for datasets, scheduling lab activities, and drafting the lab's budget and spending.
 - My research contributed to publication [C2, C4, P1, C7, C8].

TEACHING EXPERIENCE

- **LING314: Phonetics, [Instructor on record]** Jan 2023 - May 2023
Tools: D2L, Praat, Qualtrics 
- Introduced core topics in phonetic science and the articulation, acoustic processing, and perception of human speech, with a focus on the prosodic properties and the phonetic structure of different dialects of English.
 - Taught the fundamentals of transcribing sound patterns with the International Phonetic Alphabet and the terminology for phonetic features.
 - Lead lab sessions to collect, process, and analyze acoustic features, and read spectrograms for different consonants and vowels.
- **LING432 (5-week, online), Psychology of Language [Instructor on record]** Summer 2022 and 2023
Tools: D2L, Panopto 
- Introduced topics in language processing.
 - Created teaching materials on comprehension and production of sounds, words, and sentences, and the psychological processes involved.
 - Lead discussions on bilingual processing, speech errors, and artificial speech.
 - Designed student assignments and quizzes, and provided feedback on academic writing.
 - Recorded weekly lectures on Panopto.

• **LING150, Language and the World [Grader]**

Aug - Dec 2019

Tools: D2L, Panopto, MS Office suite

- Conducted weekly section meetings and office hours.
- Provided detailed feedback and evaluation on student's assignments.
- Supported students with the design of a constructed language and documenting its grammar.

• **Teach for India, Hyderabad**

May 2015 - Apr 2015

5th and 6th grade

- Taught 6th grade English and Science, and 5th grade Maths and Environmental Sciences.
- Participated in and conducted rigorous teacher-training programs.
- Raised approximately 82,000 INR to set up a digital classroom, class library and fund a sports training program.

SKILLS

- **Programming and Scripting:** Python, R, Praat scripting, Command Line Interface
- **Web Technologies:** D2L, Google Docs, Panopto
- **Data and Code Management Systems:** Pandas, Bee Keeper, Excel, git
- **NLP, Data Science & Machine Learning:** Pytorch, ScikitLearn, PyKaldi, SpaCy, NLTK, Matplotlib, Pandas, Numpy, Notebooks, WhisperAI, SpeechBrain, Ollama, Jupyter
- **NLP and Phonetics:** SpaCy, NLTK, Beautiful Soup, perl, Ollama, WhisperAI, SpeechBrain, Praat, Parseltongue, Kaldi, OpenSMILE, ffmpeg
- **Mathematical & Statistical Tools:** numpy, scipy, ggplot, lme4, dplyr, gss
- **Other Tools & Technologies:** imagemagik, bash, grep, ssh
- **Documentation and editing:** L^AT_EX, MS Word, RMarkdown, knitr, MKdocs, github pages

FELLOWSHIPS AND AWARDS

- **Data Science Fellowship** Jan - Apr 2023
Data Science Institute, University of Arizona 
 - Training for data management planning, research reproducibility and accessibility, and effective software documentation.
 - Awarded a cash stipend of \$6000.
 - Submitted a paper+code sample Github repository as my capstone project .
- **Artistic Expression of Original Research** Oct 2024
Institute for Resilience, University of Arizona 
 - Selected to participate in a 3-day retreat, with workshops and talks on science communication, artistic techniques.
 - Created a mixed-media installation depicting my doctoral research for three public exhibitions.
- **Travel award** July 2023
Department of Linguistics, University of Arizona
 - Awarded \$1000 towards research travel to the International Congress for Phonetic Science 2023 for presenting .
- **Research Fund Award** February 2022
Department of Linguistics, University of Arizona
 - Awarded \$800 towards experimental research contributing to publication .

LEADERSHIP EXPERIENCE

- **Coordinator, Arizona Linguistics Circle Conference** May 2022 - Oct 2021
University of Arizona 
 - Build the EasyChair abstracts submission portal.
 - Recruited reviewers and coordinated the double-blind peer review.
 - Managed all communications with authors.
 - Created documentation for all procedures.
- **Coordinator, Arizona Linguistics Circle Conference** May 2021 - Oct 2021
University of Arizona 
 - Managed social media accounts across multiple platforms.
 - Created PR materials for disseminating information on the conference.
 - Created profiles for authors and their submissions.
- **Office bearer, Arizona Linguistics Circle** Jan 2021 - Present
University of Arizona 
 - Represented the student body in faculty meetings.
 - Managed equipment and amenities in the student spaces.
 - Mentored incoming graduate students.
 - Volunteered in presentations and university showcases.
